

Student Safety Agreement

for use of

Shop and Lab Spaces and all Machinery and Equipment

Students attending the Clackamas Academy of Industrial Sciences are fortunate to have access to a wide variety of manufacturing facilities and equipment. It is imperative that all students and parents fully understand the inherent risks of using this equipment, and agree to follow all safety guidelines. Failure to follow all safety guidelines will result in a student losing the opportunity to be in these spaces.

At the beginning of each grading period, students will be required to complete training on the proper use of equipment, and will then be required to pass a series of safety tests on which they must earn a score of 100%. This is required for all students, and any accommodations needed to help students complete this training and pass these tests will be provided.

No students will be permitted to be in shop or lab spaces until they have completed this training and passed these tests.

No student will be permitted to use equipment on which they have not been trained and for which they have not passed the appropriate safety tests.

Students who fail to follow all safety guidelines will lose the opportunity to use these facilities and will lose the opportunity to take certain classes.

Every student is responsible for ensuring that all shop spaces are safe. If any student observes any unsafe behavior, they are required to notify the instructor immediately.

STUDENT

- I understand that I am responsible for following all safety rules.
- I will participate in all safety training.
- I will work with the instructor to ensure that I pass all safety tests.
- I will always ask the instructor for permission ***every time*** before using ***any*** tool or machine.
- I will never attempt to use any tools or machines that I am not comfortable using.
- I will never engage in any unsafe behavior in the shops.

If I do not follow all safety rules all of the time, I will lose the opportunity to be in any shop spaces.
